In the 1970s, we became an insurance group and spread our wings, expanding overseas for the first time to Latin America. We established roots there, and **today, we're the largest multinational insurance company in the region.**

Throughout the 1990s and 2000s, we boosted our presence in Latin America, entered the **Asian market** and **joined the IBEX35.**

## 2006

In 2006, we became a public limited company and gained **financial independence**, with Fundación MAPFRE becoming our main shareholder.

## 1933

Our story began in 1933. We started out as **Mutualidad de Seguros de la Agrupación de Fincas Rústicas de España** (Insurance Mutual of the Association of Owners of Rural Properties in Spain), with the intention of insuring farm workers. Later, from the 1950s onward, we branched out to other offer Life, accident and transportation coverage.

## 1975

In 1975 **we launched Fundación MAPFRE**, a non-profit organization in which we wanted to make our commitment to helping improve people's quality of life wherever we were present.

During the 1980s, we expanded our business by creating new units and services, like **MAPFRE RE.**

We've come a long way, and this journey has given us the experience and energy to keep moving forward. At MAPFRE, we're ready for whatever the future holds. **We're a trusted insurance company that's building a sustainable future for everyone.**

MAPFRE will not invest in coal, gas and oil companies that are not committed to an energy transition plan<sup>2</sup> that allows global warming to be kept at approximately 1.5°C

## COAL

- ✘ MAPFRE will not invest in companies where 20 percent or more of their revenues and/or generation comes from coal-fired power<sup>3</sup>.
- ✘ MAPFRE will not invest in companies with coal-based energy expansion plans of more than 300 MW in place<sup>4</sup>.
- ✘ MAPFRE will not invest in companies that generate 20 percent or more of their revenues from the extraction and/or annual production of thermal coal in excess of 20 million tons.
- ✘ By 2040, MAPFRE will no longer hold investments in coal-fired power plants or thermal coal mining.

## OIL & GAS

- ✘ MAPFRE will not invest in companies where more than 15 percent of their revenues are directly or indirectly linked to oil sands activity.

## COAL

### Insurance for projects:

- ✘ MAPFRE will not insure the construction of new coal-fired electric plants or the operation of new coal mines.
- ✘ MAPFRE will not insure the construction of new infrastructure that exclusively service the construction and/or operation of thermal coal mines or thermal coal power plants.

### Insurance for companies:

- ✘ MAPFRE will not insure companies that derive 20 percent or more of their revenues and/or power generation from thermal coal-produced energy<sup>7</sup>.

- ✘ MAPFRE will not insure companies with thermal coal-based energy<sup>8</sup> expansion plans of more than 300 MW.
- ✘ MAPFRE will not insure new mining companies that obtain 20 percent or more of their revenues from annual thermal coal extraction and/or production of more than 20 million tons.
- ✘ MAPFRE will not insure companies that derive 30 percent of their revenues from transporting thermal coal.

### Decarbonization of the insurance company portfolio:

- ✘ By 2030, MAPFRE's portfolio will no longer include insurance programs related to coal-fired power plants or the operation of thermal coal mines in OECD countries, or companies that have not implemented commitments pertaining to energy transition and decarbonization. Beginning in 2040, this commitment will also apply to the rest of the world, in all countries where MAPFRE operates.

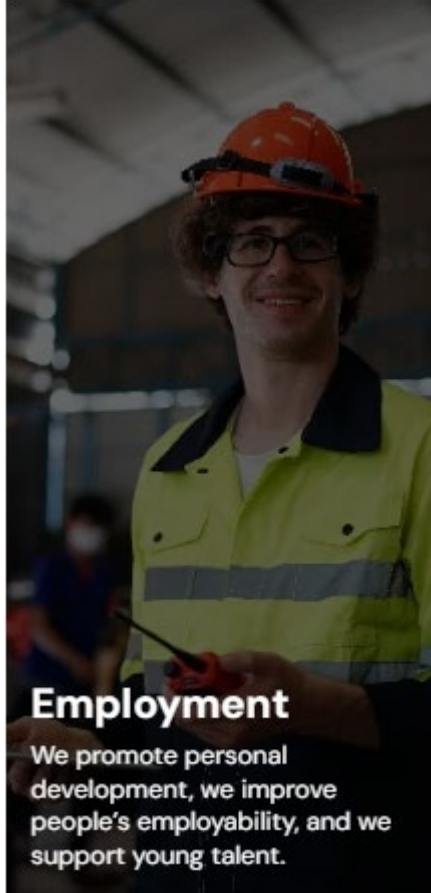

MAPFRE will not insure coal, gas and oil companies that do not commit to an energy transition plan<sup>9</sup> that allows global warming to be maintained at approximately 1.5°C.

5. SCOPE: The MAPFRE Group has established that these environmental commitments apply to all Industrial Risks insurance operations (Property & Casualty, Liability, Transport and Construction). The environmental commitments adopted by the MAPFRE Group are applicable to both the renewal of contracts and new contracts.

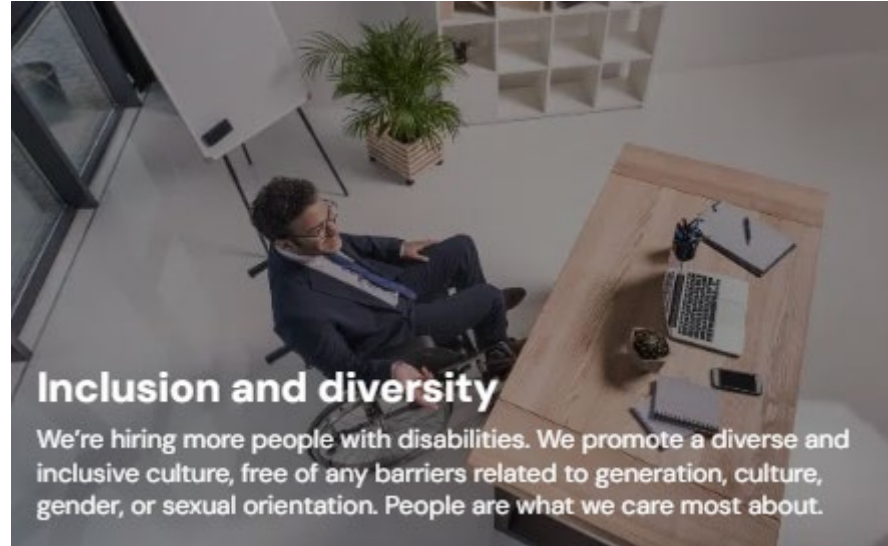

6. Definition in accordance with the National Integrated Energy and Climate Plan (PNIEC) 2021-2030. Ministry for Ecological Transition and Demographic Challenge (Spain).

7, 8. Referring to thermal coal.

**Employment**

We promote personal development, we improve people's employability, and we support young talent.

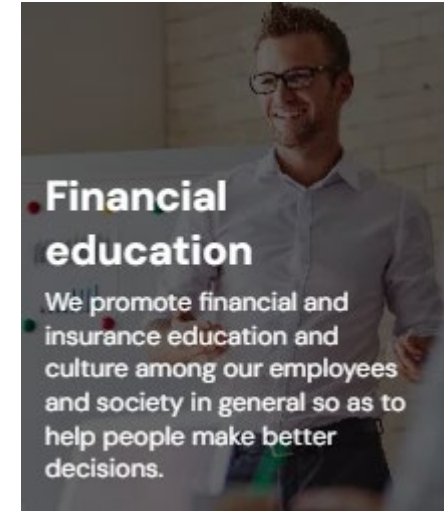

**Inclusion and diversity**

We're hiring more people with disabilities. We promote a diverse and inclusive culture, free of any barriers related to generation, culture, gender, or sexual orientation. People are what we care most about.

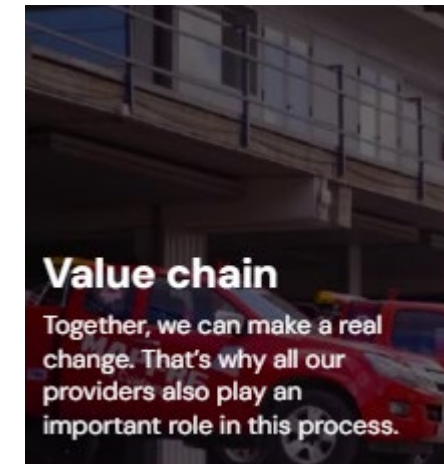

**Insurance accessibility**

We promote access to insurance in low-income sectors of the population in LATAM countries that have been underserved by the insurance market.

**Financial education**

We promote financial and insurance education and culture among our employees and society in general so as to help people make better decisions.

**Value chain**

Together, we can make a real change. That's why all our providers also play an important role in this process.
